# LaGrange College Senate Application, 2017-2018

As you may or may not be aware, the Senate is typically selected at the start of the academic year to serve that full academic year. In previous years, however, the Senate served mainly in an event assistance role. Since 2013-2014, however, the Senate has worked to serve as the voice of the LC students by hearing issues of need, debating those issues, and then compiling formal resolutions suggesting improvements to campus procedures or policies to the LC administration. Based on the initial success of the Senate in 2013-2014, we will be electing the rising Sophomore, Junior, and Senior Senators at the end of the year so that they can work to fulfill their obligations to the student body over the summer and at the start of the next semester.

Our job as the senate is to be a group of students that are committed to the success of SGA and to be the voice of the student body. We will staff events, poll our student body on issues, events, and ideas that are presented to us, and form committees on issues that are important to the campus. Our main goal is to provide a better environment for the students of LaGrange College. For each class a President, and two Class Representatives will be elected which will then make up our twelve-member student government senate. Senate applicants and acting Senators must maintain a 2.6 cumulative GPA to be eligible for consideration. Senate members may be removed for poor attendance or behavior that does not reflect the values of the SGA or the institution.

In completing this application, we will expect you to be fully prepared and dedicated to being a member of SGA by attending all meetings held by SGA as well as each meeting that the senate will hold. By signing this application you are dedicating yourself to uphold a higher standard of excellence and to being a leader within the LaGrange College community. Senate members will be elected by campus-wide vote.
