LaGrange College Vision

LaGrange College will be distinguished as a college that transforms the lives of its students and its communities.

Campus Safety at LaGrange College

No community's security plan can be effective unless everyone in the community contributes to making it work. Safety and security are both personal and shared responsibilities. Only by accepting this responsibility can members of the community maintain a safe and secure environment.

This security section of the Annual Security Report is provided to you as a part of LaGrange College's commitment to safety and security on campus and satisfies all the requirements of the Federal Crime Awareness and Campus Security Act of 1990. It is filled with information about a variety of security services and programs, which are available to you as a member of the College community. We hope that you will become familiar with this information and find the programs useful.

The College has an established campus-wide Safety Committee that is charged with the assessment and improvement of safe practices and safe environments across the College. If you should ever encounter an unsafe condition on campus, please alert campus security or your RA/Area Manager.

Security Services

The Vice President for Finance and Operations has primary responsibility for the security of LaGrange College. The Office's mission is to create and maintain a safe and secure environment. This includes protecting lives and securing property, and preserving peace and order. There are two main branches of services: security operation and education.

Security Operations

Securitas Security Services provide security at LaGrange College. They are on duty 24 hours a day. Security officers check in at the residence halls and routinely patrol the buildings and property of the entire campus.

Security officers respond to all reports of crime, fire, medical and other emergencies and call in and coordinate with the City of LaGrange Fire and Police Departments. They complete incident reports, interview witnesses, gather facts, and conduct preliminary investigations. Officers lock and unlock buildings, admit authorized persons into locked areas, and monitor fire and burglary alarm systems. Security officers can be reached by calling 706-880-8911. They are located in Turner 217.

Campus Security Authority

LaGrange College campus security officers have the authority to ask persons for identification and to determine whether individuals have lawful business at LaGrange College. LaGrange College security officers have the authority to issue parking tickets, which are billed to financial accounts of students, faculty, and staff. Security officers do not possess arrest power. Criminal incidents are referred to the local police who have jurisdiction on the campus.

Relationship of Campus Security Personnel with State and Local Law Enforcement Agencies

The LaGrange College security office maintains a close working relationship with the LaGrange Police Department (LPD). College security and staff occasionally work with other law enforcement agencies in Georgia, including the FBI, the Park Police and the U.S. Secret Service. Meetings are held between the leaders of these agencies on both a formal and informal basis. The officers of campus security and LPD communicate regularly on the scene of incidents that occur in and around the campus area. There is no written memorandum of understanding between campus security and LPD.

Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act)

The Clery Act requires all institutions of higher education to publish an annual report of security policies and crime statistics. The Higher Education Opportunity Act of 2008 also requires an annual report containing information on campus emergency response and evacuation procedures, emergency notification, additional hate crime reporting and fire safety policies and statistics. Information contained in this report was also solicited from all campus security authorities. This report is made available to all current and prospective students and employees. LaGrange College sends an e-mail to every enrolled student and current employee on an annual basis to notify that the report is available to be viewed which includes a .PDF file containing the report. Printed copies are available on request and are available in person at the LaGrange College Security Office (located in Turner Hall) or by contacting the Dean of Students' Office (706-880-8976).

The report is due by October 1st of each year and must contain certain crime statistics for the most recent three-year reporting period.

The purpose of this publication is to:

- Provide the LaGrange College community with an overview of security services
- Share crime statistics required by the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act
- Inform current and prospective students, staff, faculty, and visitors about the College's policies and programs designed to help keep them safe
- Share information regarding emergency preparedness and planning
- Share information regarding fire safety, fire statistics, and fire-related information

Comprehensive crime statistics for LaGrange College are also available online at the U.S. Department of Education (<http://ope.ed.gov/security/>).

LaGrange, Georgia/ Troup County area statistics are also available by accessing the Federal Bureau of Investigation Uniform Crime Reports (UCR) (<http://www.fbi.gov/ucr/ucr.htm>).

Emergency Notifications and Timely Warnings

Students, faculty, staff, community members, and guests are encouraged to report all crimes and public safety-related incidents to campus security in a timely manner to aid in providing accurate and timely warning notices to the community when appropriate, and to ensure inclusion in the annual crime statistics

LaGrange College makes every attempt to communicate accurate, timely information to members of the campus community in the event of a crisis, serious crime, emergency, or other situation which may impact the safety of the community. The intent of a Timely Warning is to provide information to enable members of the college community to protect themselves.

Information on criminal incidents that occur, either on or off campus, that, in the judgment of the Vice President for Finance and Operations or his/her designee thru consultation with the President's Office, constitutes an ongoing or continuing threat to the campus community will be distributed on a timely basis.

Among the various distribution methods available are through e-mail and the ReGroup system. A campus meeting may be called at the discretion of the college president. Warning posters may also be strategically placed throughout the campus depending on the nature of the incident.

Status updates regarding the resolution and/or "un-founding" of a crime and issued timely warnings will be disseminated in a similar fashion and updated as soon as possible. The intent of a Timely Warning is to provide information to enable members of the college community to protect themselves.

Notification to the LaGrange College Community About an Immediate Threat

LaGrange College community members are encouraged to notify campus security of any situation or incident on campus that involves a significant emergency or dangerous situation that may involve an immediate or ongoing threat to the health and safety of students, faculty, staff, or visitors on campus. Campus security has the responsibility of responding to, and summoning the necessary resources, to mitigate, investigate, and document any situation that may cause a significant emergency or dangerous situation. In addition, campus security has a responsibility to respond to such incidents to determine if the situation does in fact, pose a threat to the community. If so, federal law requires that the institution notify the campus community or the appropriate segments of the community that may be affected by the situation.

If campus security in consultation with Vice President for Finance and Operations confirms that there is an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the LaGrange College community, emergency notification procedures will be activated to provide immediate notification of the threat to the LaGrange College community, or to the appropriate segment of the community if the threat is limited to a particular building or segment of the population. Campus security will, without delay and taking into account the safety of the community, determine the content of the notification and initiate notification, unless issuing a notification will, in the judgment of the first responders (including, but not limited to campus police or housing staff), compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

In the event of a serious incident that poses an immediate threat to members of the LaGrange College community, the College has various systems in place for communicating information quickly. Some or all of these methods of communication may be activated in the event of an immediate threat to the LaGrange College campus community. These methods of communication include ReGroup, a system that provides email and text message alerts to members of the LaGrange College community. All students, faculty, and staff are automatically registered in ReGroup; each is encouraged to keep numbers on record accurate.

Reporting Crimes and Emergencies

Community members, students, faculty, staff, and guests are encouraged to report all crimes and safety related incidents to campus security in a timely manner. To report a crime or emergency on campus, call campus security (706-880-8911).

Crimes should be reported to campus security to ensure inclusion in the annual crime statistics and to aid in providing timely warning notices to the community, when appropriate

Information regarding incidents of sexual misconduct may be reported to any employee of LaGrange College. Employees who learn of an incident of sexual misconduct or other serious crime (Clery Act crimes including Murder, Manslaughter, Forcible Sex Offenses, Burglary, Robbery, Aggravated Assault, Motor Vehicle Theft, Arson or Hate Crimes) are then required to report this information to the Dean of Students Office or to campus security.

To report a fire or to request an ambulance for a medical emergency, call campus security (706-880-8911). If you do dial 911, provide accurate and complete information regarding your location and the nature of the emergency. It is important that your information be relayed accurately as it will enable prompt response.

Reporting a crime:

- Call campus security at 706-880-8911; report any and all details of the incident
- Describe the suspect's appearance, clothing, height, weight, coloring, scars or other noticeable features
- Describe the location of the incident
- Describe the suspect's vehicle, license plate number and direction of travel
- **If you observe a crime or a suspicious incident, call immediately.** Do not assume someone else has made the call.

Try to provide the dispatcher with accurate, detailed information about the problem. When reporting an emergency, try to explain your needs as calmly as you can. **STAY ON THE LINE** until the dispatcher says it is okay to hang up.

Crimes often occur in clusters. If you report a crime or a suspicious situation, you might prevent the next one from taking place. An activity which you feel is unusual may be a sign of a criminal act. It is crucial that you contact campus security immediately whenever you see or hear something suspicious.

Campus security incident reports involving students are forwarded to the Dean of Students office for review and potential action as directed by the Social Code.

Confidential Reporting

If you are the victim of a crime and do not want to pursue action within the college system or the criminal justice system, you may want to consider making a confidential report. A campus security officer can file a report on the details of the incident without revealing the victim's identity. The purpose of a confidential report is to maintain confidentiality, while taking steps to ensure the future safety of yourself and others. With such information, the College can keep an accurate record of the number of incidents involving students, employees, and visitors; determine where there is a pattern of crime with regard to a particular location, method, or assailant; and alert the campus community to potential dangers. Reports filed in this manner are counted and disclosed in the annual crime statistics for the institution. You can call campus security at 706-880-8911 and ask that information remain confidential.

When these reports involve allegations of sexual misconduct (including sexual harassment or sexual violence) they are made available to the College's Title IX Coordinator.

NOTE: If a report of crime or incident of sexual misconduct discloses an immediate threat to the college campus community, where timely notice must be given to protect the health or safety of the community, the College may not be able to maintain confidentiality. Immediately threatening circumstances include, but are not limited to, reported incidents of sexual misconduct that include the use of force, a weapon, crimes of violence, or other circumstances that represent a serious and ongoing threat to LaGrange College students, faculty, staff or visitors.

Reporting of Crimes to Confidential Sources on Campus

As a result of the negotiated rulemaking process which followed the signing into law, the 1998 amendments to 20 U.S.C. Section 1092 (f), clarification was given to those considered to be campus security authorities. Campus "Pastoral Counselors" and Campus "Professional Counselors," when acting as such, are not considered to be a campus security authority and are not required to report crimes, including acts covered by the College's Sexual Harassment and Sexual Violence Policy, for inclusion into the annual disclosure of crime statistics. As a matter of policy, they are encouraged, if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics.

The rulemaking committee defines counselors as:

Pastoral Counselor

An employee of an institution who is associated with a religious order or denomination, recognized by that religious order or denomination as someone who provides confidential counseling and who is functioning within the scope of that recognition as a pastoral counselor. The College Chaplain, the Rev. Dr. Adam Roberts, is deemed a pastoral counselor in accordance with this policy. He may be contacted at 706-880-8004.

Professional Counselor

An employee of an institution whose official responsibilities include providing psychological counseling to members of the institution's community. Individuals providing counseling through the College's Counseling Center are deemed as professional counselors in accordance with this policy. The college's two professional counselors employed by the Counseling Center are Pamela Tremblay and Brandi Cameron. Appointments with the Counseling Center can be made by calling 706-880-8269.

Security and Access

During business hours, the College (excluding certain housing facilities) will be open to students, parents, employees, contractors, guests, and invitees. During non-business hours access to all College facilities is by key, if issued, or by admittance by campus security or Residence Life staff. In the case of periods of extended closing, the College will admit only those with prior written approval to all facilities.

Residence halls are secured 24 hours a day. Over extended breaks, the doors of all halls will be secured around the clock, and will be equipped with a lock separate from the regular key issued to resident students. Some facilities may have individual hours, which may vary at different times of the year. In these cases, the facilities will be secured according to schedules developed by the department responsible for the facility. Emergencies may necessitate changes or alterations to any posted schedules.

Security Awareness Programs for Students and Employees

During summer orientation and First Week, students are informed of services offered by campus security. Additional information on security and campus security services are provided by housing staff in the residence halls. Similar information is presented to new employees. Crime Prevention Programs and Sexual Assault Prevention Programs are offered throughout the academic year as presented by Student Engagement, the Counseling Center, and the Office of Residential Education and Housing.

A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of their responsibility for their own security and the security of others. The College also provides notifications pertaining to timely warnings and immediate threats via the e2Campus system.

Crime Prevention Programs for Students and Employees

Crime Prevention Programs on personal safety and theft prevention are sponsored by the Office of Residential Education and Housing as well as various campus organizations throughout the year. Through summer orientation sessions and First Week, campus security information and general crime prevention is offered to new students and their families. Similar information is provided to new employees and faculty through their orientation sessions offered by Human Resources. The Office of Residential Education and Housing also offers programming to residential students on a periodic basis throughout the year.

Tip: To enhance personal safety, and especially after an evening class, walk with friends or someone from class that you know well, or call campus security for an escort.

Criminal Activity Off-Campus Involving Students

LaGrange College operates no off-campus housing or off-campus student organization facilities. However, approved students live off campus provided that they complete the residency waiver application process (For additional information see the *Student Handbook*). LaGrange City and Troup County Police have primary jurisdiction in all areas off campus. When a LaGrange College student is involved in an off-campus offense, campus security may assist with the investigation in cooperation with local, state, or federal law enforcement. Local agencies may request a College staff member or campus security representative be present when dealing with students in areas immediately adjacent to campus.

Missing Student Notification Policy

In accordance with the requirements of the Higher Education Opportunity Act of 2008, Section 485 (j), LaGrange College follows these guidelines concerning missing students who reside in campus housing.

Residence students will be informed (at the beginning of fall and spring semesters) that they have the option to identify an individual that the College can contact within 24 hours after the time that a student has been determined to be missing by the designated officials authorized to make that determination, specifically the Area Manager, Housing Director, or Dean of Student Engagement. The confidential contact may be the person designated by the student in addition to the designated emergency contact. In cases where a student has not designated a separate missing person contact, the emergency contact on record will be notified.

For students under 18 years of age (and not emancipated), the College will notify a custodial parent or guardian no later than 24 hours after the time the student has been officially determined to be missing.

A student is determined to be missing when the College's Residence Life staff (including Resident Advisors, Area Managers, Housing Director, and/or the Dean of Student Engagement) verify that the report information is credible and that the circumstances warrant declaring the student as missing. Once a student is determined to be missing, the Dean of Student Engagement or Housing Director will contact the student's designated contact. In addition, the LaGrange Police Department may also be contacted.

At the beginning of each semester, the Residence Life staff will collect the following information from each residence student:

- Student's full legal name
- LC ID #
- Residence Hall and Room Number
- Student's cell phone number
- The name and relationship of the person(s) the student wants to be contacted
- A home and/or cell phone number for that contact person(s)
- An email address for that contact person(s)
- A home address for that person(s)

The student is responsible for keeping this contact information updated and accurate. This information will be kept confidential and on file in the Housing Office.

College Statement and Information on Alcohol and Drugs

Alcohol and Other Drugs

LaGrange College prohibits the possession, distribution and use of alcohol or illegal drugs. As members of the College community, we recognize that we have an obligation to examine critically the issues surrounding drug and alcohol abuse on campuses, to provide appropriate institutional responses, and to promote responsible personal decisions. Community members have the right to live, work, learn and study in an environment free from the damaging effects of drug and alcohol abuse. To this end, LaGrange College sponsors a variety of programs and provides information and resources regarding drug and alcohol abuse. In addition, the College's policies for faculty, staff and students are consistent with federal and local law and reinforce the belief that people are accountable for their own actions. The College's procedure for alcohol and drug infractions is listed in the Social Code policy. This section is provided to give the student information to make an informed choice about alcohol and drug use.

Health Risks Associated With Substance Abuse

This section summarizes the health risks associated with drug and alcohol abuse and resources for addressing drug and alcohol abuse.

Caffeine, alcohol and tobacco are commonly used drugs. Although some are regulated, they are not per se illegal. It is important to realize that for some people, even these legal drugs taken in moderation can produce serious health risks, and under certain circumstances, these drugs can prove as insidious and damaging as some illegal substances.

Some illicit drugs and controlled substances have valid pharmaceutical uses. When properly administered by a physician their effect can be beneficial, yet, as with the licit drugs mentioned above, these same drugs can also prove damaging. Other substances, such as inhalants and analogs, have no legitimate claim to healing. Their use is by definition abuse, and the results are unpredictable and sometimes fatal.

Regardless of the licit or illicit status of a substance, abusing drugs is never beneficial physically, socially, psychologically, or economically. The following discussion provides a listing of common drugs and substances along with the associated physical and psychological effects and risks. Keep in mind that the effects and risks may vary depending upon dosage, frequency of use, duration of use combination with other substances, as well as the age, sex and health of the person.

Early recognition and treatment of alcohol and drug abuse are important for successful rehabilitation and reduced personal, family and social disruption. The College encourages and supports the earliest possible diagnosis and treatment for substance abuse. Whenever feasible, the College will assist students in overcoming alcohol and drug abuse. However, the decision to seek diagnosis and accept treatment for any problem remains primarily the individual's responsibility.

Counseling/Treatment Resources

A number of counseling and treatment options are available to students at LaGrange College. All counseling is confidential (except as otherwise required by law in cases of child abuse or when the person presents a clear and present danger to him/herself or others). Students are encouraged to seek counseling and/or treatment in dealing with personal issues of substance abuse relating to themselves, their friends or their families. Specific counseling and/or treatment may be required of students as a result of conduct concerns or proceedings.

The following is a list of available counseling treatment resources:

Counseling Center: Individual and small group counseling sessions are available depending upon the specific needs of the students. Referrals are made to off-campus provider when the individual requires long-term or specialized assistance beyond the scope of the center staff. For more information or an appointment, call 706-880-8269.

Spiritual Life: Clergy is available for personal counseling and may refer students to other resources as appropriate. For information or for an appointment call 706-880-8004.

For additional resources on drug education contact: The National Council on Alcoholism and Drug Dependence Information Line at 1-800-622-2255 or the National Institute on Drug Abuse Hotline at 1-800-662-4357.

Programs

Programs offered through the Student Engagement and other units focus on education, wellness, prevention and personal choice. Workshops and seminars are provided within the residence halls, as a part of First Week, during National Collegiate Alcohol Awareness Week, and Drug Awareness Week, through Greek organizations and throughout the year on an ad hoc basis.

How The College Views Alcohol And Drug Abuse

The use of alcohol and other drugs can have a negative impact on judgments and reactions, health and safety, but may lead to legal complications as well. Even more basic is the stance that drugs and alcohol have no place on this campus among our students.

The College's Role

The College's principle role is to engage in education, which leads to high standards and respectful conduct. When those are compromised, it will take action against individuals or organizations violating rules regarding alcohol and against individuals violating either the law or College policy concerning alcohol. The College will deal severely with students convicted of the illegal possession, use, or sale of drugs.

What the College Community can do to prevent alcohol and drug abuse

Students can help control substance abuse by declining to use or condone the use of drugs and by insisting that organizations and individuals use alcohol within the law and adhere to College policy. Students should make an effort to prevent persons who have abused alcohol or used drugs from harming themselves or others, especially when driving a motor vehicle, and should encourage those needing professional help to seek it.

The same standards and regulations apply with equal force to members of the faculty, staff and administration.

Parental Notification

The college reserves the right to notify parents of students under the age of 21 who violate rules governing alcohol/drug use at LaGrange College.

Drinking Age Laws

Georgia State Statute 3-3-23 makes it unlawful for any person under the age of 21 years to have in his or her possession alcoholic beverages; to sell, give, serve or permit to be served alcoholic beverages to a person under 21 years of age or to permit a person under 21 years of age to consume said beverages on the premises; to misrepresent or misstate his or her age or any other person for the purpose of inducing any licensee or his agents or employees to sell, give, serve or deliver any alcoholic beverages to a person under 21 years of age.

Drug Policy

The College does not condone the possession, consumption, ingestion, injection, or inhalation (without prescription or medical authorization) of substances that have the capacity to change a person's mood, behavior, or mind, or modify and relieve pain, such as, but not limited to marijuana, opiates, amphetamines, barbiturates, hallucinogens, psychedelics, or solvents. Any student found to be in conflict with the above or local, state, and federal narcotics laws, will be referred to the Dean of Student Engagement, who will initiate the college's disciplinary process. The sanction may result in separation from the College. Disciplinary action against a student under College rules does not preclude the possibility of criminal charges against that individual. Similarly, the filing of criminal charges does not preclude action by the College.

The use of illegal drugs and the misuse of prescription and other drugs pose a serious threat to the physical and mental well-being of students, faculty, staff, visitors and guests of the College. The College is committed to providing accurate information and educational programs to prevent such use of drugs. If further information is required about these programs, services, and the assistance available at the College. Please contact the Counseling Center, Spiritual Life or any Student Engagement Staff.

Drug Testing Policy

Given grounds for reasonable suspicion, the College reserves the right to require any student to undergo drug testing, the cost to be borne by the student. Drug testing is provided to student athletes as dictated by NCAA guidelines.

LaGrange College Sexual Harassment / Sexual Violence Policy (Revised September 21, 2017)

Note: On September 7, 2017, Secretary of Education Betsy DeVos announced that the Department of Education will open a formal notice and comment period before issuing new regulations to replace guidance that was promulgated under the Obama Administration regarding sexual violence and Title IX (specifically the 2011 Dear Colleague Letter and the 2014 Not Alone report). While much of LaGrange College's policy on sexual harassment and sexual violence are guided by these documents, this policy will remain in effect until such time that new Federal regulations are issued and considered by the institution.

All members of the College community have the right to be free from sex discrimination in the form of sexual harassment; as dictated by the Office for Civil Rights, acts of sexual violence are a form of sexual harassment. Sex discrimination, sexual harassment, sexual assault, dating violence, domestic/family violence, and stalking are prohibited by federal and state law as well as College policy. LaGrange College prohibits sexual harassment against community members of any sex, sexual orientation, gender identity, or gender expression in the context of education. The College is committed to appropriately addressing alleged acts of sexual harassment and sexual violence that impact students, faculty, staff, and visitors to campus if such activity occurs while on College property.

Prior to the articulation of the policy, it is important to note options for assistance following an incident of sexual violence. Whether or not an individual chooses to formally report an incident, receiving immediate medical attention and/or counseling is vital to the student's overall health and wellness. Likewise, seeking immediate medical attention is vital to preserve evidence if an investigation is to follow. More detailed information on resources is also available at the end of this policy.

Sexual harassment is unwelcome conduct of a sexual nature, including but not limited to unwelcome sexual advances; requests for sexual favors; or other verbal or nonverbal conduct of a sexual nature, including acts of sexual violence. Based on guidance from the Federal government, dating violence, domestic violence, and stalking may, depending on the facts, be forms of sexual harassment. LaGrange College prohibits sexual harassment against community members of any sex, sexual orientation, gender identity, or gender expression in the context of education. Complaints alleging harassment based on a person's actual or perceived gender identity or expression will be taken seriously and handled in the same manner as other harassment complaints. Sexual harassment may take two forms: (1) quid pro quo, and (2) creating a hostile environment.

Sexual harassment quid pro quo occurs when a position of authority is used to threaten to impose a penalty or to withhold a benefit for sexual favors, whether or not the attempt is successful. Sexual harassment may involve behavior by a person of either gender against person of the same or opposite gender. It should be noted that the potential of sexual harassment exists in any of the following relationships: student/student, faculty/student, student/faculty, and faculty/faculty. Here and subsequently, "faculty" refers to faculty, staff, and administration. Because of the inherent differential in power between faculty and students, sexual relationships between faculty and students are prohibited.

A hostile, demeaning, or intimidating environment exists when sexual harassment is sufficiently serious to deny or limit an individual's full and free participation in the life of the College. A hostile environment can be created by anyone involved in a College's program or activities (*e.g.*, administrators, faculty members, and campus visitors). These behaviors may range from the most egregious forms, such as sexual violence, to more subtle forms. The College defines acts of sexual violence as physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent (*e.g.*, due to the student's age or use of drugs or alcohol, or because an intellectual or other disability prevents the students from having the capacity to give consent). The College recognizes the following aspects regarding consent: (a) consent is a voluntary agreement to engage in sexual activity, (b) someone who is incapacitated cannot consent; (c) past consent does not imply future consent, (d) silence or an absence of resistance does not imply consent, (f) consent to engage in sexual activity with one person does not imply consent to engage in sexual activity with another; (g) consent can be withdrawn at any time, and (h) coercion, force, or threat of either invalidates consent. Based on legal guidance, LaGrange College does not require affirmative consent, a concept requiring verbal consent for each action taken during a sexual encounter. When evaluating consent, the college will make a determination as to whether a reasonable person would have knowledge or awareness that consent has been either issued or withdrawn based on actions being taken or verbal comments issued at the time of the encounter.

Sexual violence includes rape, sexual assault (both non-consensual sexual contact and non-consensual sexual intercourse), sexual abuse, sexual coercion, and sexual exploitation. Other than “rape, definitions of the proceeding terms will be the State of Georgia definition governing at the time of the incident. By Federal dictate, the College will use the FBI definition of “rape” included in the most current version of the Uniform Crime Reporting (UCR) Summary Reporting System, which encompasses the categories of rape, sodomy, and sexual assault with an object; the current definition used therein is as follows, “Penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.”

Explicit behaviors constituting sexual harassment include but are not limited to requests for sexual favors, physical assaults of a sexual nature, sexually offensive remarks, and rubbing, touching or brushing against another’s body. More subtle behaviors may be experienced as intimidating or offensive, particularly when they recur or one person has authority over another. Such behaviors may include but are not limited to unwelcome hugs or touching, inappropriate staring, veiled suggestions of sexual activity, requests for meetings in non-academic settings, and risqué jokes, stories or images.

As noted above, Federal guidance has confirmed that, depending on the facts, dating violence, domestic/family violence, and stalking may also be forms of sexual harassment. While definitions of the proceeding terms are included in the definition section of this policy, the College will use the most current definition used by the State of Georgia governing on the date of the alleged incident.

Accusations of sexual harassment that are made without good cause shall not be condoned. Such accusations are indeed considered grievous and can have damaging and far-reaching effects upon the careers and lives of individuals. The College has a duty to investigate complaints arising either on or off campus and shall proceed without respect to any pending legal or criminal matters arising from the incident. The institution’s sexual harassment and sexual violence policy applies to all students and employees, regardless of sexual orientation or gender identity, as well as third parties. Individuals are encouraged to read the section at the end of this policy regarding reporting and confidentiality.

Any member of the College community having a complaint of sexual harassment may raise the matter informally and/or file a formal complaint. The informal process is an attempt to mediate between the parties in order to reach a mutually agreeable solution without entering into the formal hearing process; the informal process will not be used in situations of sexual violence.

The following **informal** procedures may be followed:

- ✓ Clearly say "no" to the person whose behavior is unwelcome.
- ✓ Communicate either orally or in writing with the person whose behavior is unwelcome. The most effective communication will have three elements:
 - ✓ A factual description of the incident(s) including the time, place, date and specific behavior
 - ✓ A description of the complainant's feelings, including any consequences of the incident
 - ✓ A request that the conduct cease
- ✓ Speak with a department chair, Provost, director, counselor or chaplain who may speak to the person whose behavior is unwelcome. The name of the complainant need not be disclosed. The purpose of such conversation is the cessation of the unwelcome behavior.

- ✓ In the case of harassment of a student, it may be appropriate first to seek the advice of his or her advisor.

Formal complaint process and procedure:

Upon receipt of a formal written complaint that alleges a violation of the College's policy against sexual harassment, the College's Title IX Coordinator, Deputy Title IX Coordinator, or designee shall begin an investigation of the charge(s). In cases of sexual violence involving students, the College may begin an investigation without a written complaint from the student. Upon beginning an investigation, the College may take any immediate interim actions deemed appropriate that may remain in effect until a decision is reached; these actions could involve the alteration of class schedules, extracurricular activities, or residential location; removal from classes; or restrictions from communicating with involved parties. Likewise, the College may work with a reporting student to provide additional academic support or even withdrawing from class(es) without penalty. An investigation shall include an interview with the person filing the complaint, the person(s) accused of violating the anti-harassment policies and any person designated by either of the principle parties as witnesses to the incident in question. Throughout the entire process, the College prohibits retaliation against any person involved in the investigation; as a separate violation of college policy, serious sanctions, including separation from the institution may result from any act that could be reasonably deemed retaliation for participation in the process. The investigation shall be completed within 30 days of the receipt of the complaint unless extraordinary circumstance arise that delay in the investigation. The matter shall then be presented to the President in the form of written recommendations. At the President's discretion, he may accept the recommendations, interview the persons involved, direct further investigation by the investigator and/or hold formal hearings on the matter. Hearings will not be held for instances of student sexual violence. All evidentiary decisions made regarding the complaint will be based on a preponderance of evidence standard. If formal hearings are ordered, no party is allowed to be represented by legal counsel. This process shall be completed and the President shall make a final decision on the merits of the complaint and communicate that decision simultaneously to both parties in writing within 60 days of receipt of the complaint by the College. In matters involving students, staff, or administration, the decision of the President shall be considered final unless there are grounds to grant an appeal. The only grounds upon which a student, staff, or member of the administration may appeal are: (a) denial of due process indicating that the institution has failed to follow articulated policy in reaching a decision; (b) presentation of significant and relevant evidence not made available during the investigation with a potential to alter the final decision – this does not include information that one voluntarily failed to present during the investigation; and (c) unduly harsh or arbitrary sanctions that are not consistent with case precedent. Student, staff, or member of the administration will make the appeal in writing to the college's Title IX coordinator within 72 hours of the time the final decision was communicated. The specific reason for the appeal and a detailed explanation should be included in the appeal. The Title IX coordinator will review only matters pertaining to the appeal justification as listed above. The Title IX coordinator will make a determination as to whether the appeal should be denied, reopen the internal investigation if new and relevant evidence exists, or refer the matter to an outside and neutral party. There is no definitive timeline for receiving an appeal response – it depends on the complexity of the case and the information mentioned in the appeal. Faculty may appeal a final decision regarding the complaint in writing within 10 days to the Executive Committee of the Board of Trustees. Throughout this process, the college will keep the identities of the complaining party and accused confidential. The College will not require a party to abide by a nondisclosure agreement, in writing or otherwise, that would prevent the redisclosure of information related to the outcome of the proceeding.

Possible outcomes of the investigation are (1) that the allegation is not warranted and cannot be substantiated, (2) a negotiated settlement of the complaint or (3) that the allegation is substantiated requiring a recommendation to the President that disciplinary action be taken. In the case of students, disciplinary sanctions include those listed in the College's Social Code policy.

If the President of the College is the accused, the case is referred to the Executive Committee of the Board of Trustees.

If the chairperson of the Review Committee is the accused, the complaint shall be submitted to the President of the College. If any member of the Review Committee is the accused or for reason of prejudice must be recused, the President of the College shall appoint another member.

The right to confidentiality of all members of the College community will be respected in both formal and informal procedures insofar as possible.

LaGrange College is committed to preventing sexual harassment. To that end, this policy and these procedures will be printed in appropriate College publications. In addition, educational programs will be conducted annually by the College to (1) inform students, faculty, staff and administration about identifying sexual harassment and the problems it causes; (2) advise members of the College community about their rights and responsibilities under this policy; (3) train personnel in the administration of this policy. The Sexual Harassment / Sexual Violence Policy and Procedures will be issued to all incoming students and personnel.

Reporting

The College's Title IX Coordinator is Dawn Coker, Vice President for Human Resources (Quillian Building; 706-880-8267; dcoker@lagrange.edu). The College encourages individuals to immediately consult with or report incidents of sexual discrimination, sexual harassment, or sexual violence to Ms. Coker, or to one of the institution's Deputy Title IX coordinators:

Issues involving students: Dr. Marc H. Shook, Vice President for Student Engagement (Smith Hall, Room 125; 706-880-8269; mshook@lagrange.edu);

Issues involving faculty or staff: Dawn Coker, Vice President for Human Resources (Banks Hall, Room 225; 706-880-8267; dcoker@lagrange.edu)

Students may also report incidents of sex discrimination, sexual harassment, or sexual violence to any "responsible employee" (see below), who is then responsible to promptly notify any of the above Title IX coordinators of the reported incident.

The College reserves the right to grant amnesty from drug, alcohol, or other violations of the social code for parties reporting allegations under this policy (i.e., if alcohol was involved in the incident, the reporting party would not then be charged with an alcohol infraction). Decisions regarding amnesty under the policy will be made by the dean of students in conjunction with the Title IX coordinator.

Complaints or allegations of student-to-student sexual discrimination, sexual harassment, or sexual violence will be handled by the dean of students. Students may also contact the U.S. Department of Education, Office for Civil Rights to complain of sexual discrimination, sexual harassment, or sexual violence; see: <http://www2.ed.gov/about/offices/list/ocr/complaintintro.html>.

Cases of sexual violence may also be reported to the LaGrange Police Department; the College's Title IX coordinators can assist individuals with contacting the Police Department. The College reserves the right to share any information from its own investigation with the Police Department at the discretion of the Title IX coordinator.

Complaints of sexual discrimination, sexual harassment, or sexual violence involving non-students will be handled by the Vice President for Human Resources.

Confidentially Disclosing Instances of Sexual Harassment or Sexual Violence

The College encourages individuals who have experienced what they believe could constitute sexual harassment or sexual violence to speak with someone about what happened so that support can be offered and the College can respond appropriately. Different individuals associated with the College have different abilities to maintain confidentiality in this area.

- Some are required to maintain near complete confidentiality; talking to them is sometimes called a "privileged communication."
- Some employees are required to report all the details of an incident (including the identities of both the survivor and alleged perpetrator) to the Title IX Coordinator. A report to these employees (called "responsible employees") constitutes a report to the College and generally obligates the College to investigate the incident and take appropriate steps to address the situation.
- It is also possible to report to a third-party counselor or advocate off campus who may maintain confidentiality and only inform the school that an incident has occurred. As reporting requirements vary, it is important to discuss confidentiality with the third party prior to speaking with that individual.

This policy is intended to make students aware of the various reporting and confidential disclosure options available to them so they can make informed choices about where to turn if an incident occurs. The College encourages students to talk someone identified in one or more of these groups. The options include:

A. Privileged and Confidential Communications

- ***Professional and Pastoral Counselors***
Professional, licensed counselors and pastoral counselors who provide mental-health counseling to members of the school community (and including those who act in that role under the supervision of a licensed counselor) are not required to report any information about an incident to the Title IX Coordinator without a victim's permission. Following is the contact information for these individuals:
 1. **Pamela Tremblay**, Ed.S., LPC - Director of the Counseling Center (706-880-8313; ptremblay@lagrange.edu)
 2. **Brandi Cameron**, Ed.S., LPCS – Counselor, Counseling Center (706-880-8177; bncameron@lagrange.edu)
 3. **Rev. Adam Roberts** – Chaplain and Director of Spiritual Life (706-880-8004; aroberts@lagrange.edu)

NOTE: While these professional and non-professional counselors and advocates may maintain a victim's confidentiality vis-à-vis the College, they may have reporting or other obligations under state law. Such as mandatory reporting to law enforcement in case of minors; imminent harm to self or others; requirement to testify if subpoenaed in a criminal case.

ALSO NOTE: If the College determines that the alleged perpetrator(s) pose a serious and immediate threat to the College community, campus security, the president, or dean of students may be called upon to issue a timely warning to the community. Any such warning should not include any information that identifies the victim.

B. Reporting to “Responsible Employees.”

A “responsible employee” is a College employee who has the authority to redress sexual harassment and/or violence, who has the duty to report incidents of sexual violence or other student misconduct, or who a student could reasonably believe has this authority or duty.

When a student tells a responsible employee about an incident of sexual harassment or sexual violence, the student has the right to expect the College to take immediate and appropriate steps to investigate what happened and to resolve the matter promptly and equitably.

A responsible employee must report to the Title IX coordinator all relevant details about the alleged sexual harassment or sexual violence shared by the student and that the College will need to determine what happened – including the names of the victim and alleged perpetrator(s), any witnesses, and any other relevant facts, including the date, time and specific location of the alleged incident.

To the extent possible, information reported to a responsible employee will be shared only with people responsible for handling the College’s response to the report. A responsible employee should not share information with law enforcement without the student’s consent or unless the student has also reported the incident to law enforcement.

The following employees (or categories of employees) are the College’s responsible employees:

- Members of the President’s Cabinet
- Employees of the Human Resources Staff
- Employees of the Student Engagement Staff
- Head Athletic Coaches
- Student Resident Advisors
- Faculty Advisors

Before a student reveals any information to a responsible employee, the employee should ensure that the victim understands the employee’s reporting obligations – and, if the student wants to maintain confidentiality, direct the victim to confidential resources.

If the student wants to tell the responsible employee what happened but also maintain confidentiality, the employee should tell the victim that the College will consider the request, but cannot guarantee that the College will be able to honor it. In reporting the details of the incident to the Title IX Coordinator, the responsible employee will also inform the Coordinator of the victim’s request for confidentiality.

Responsible employees will not pressure a student to request confidentiality, but will honor and support the student’s wishes, including for the College to fully investigate an incident. By the same token, responsible employees will not pressure a student to make a full report if the student is not ready to.

Requesting Confidentiality From the College: How the College Will Weigh the Request and Respond.

If a student discloses an incident to a responsible employee but wishes to maintain confidentiality or requests that no investigation into a particular incident be conducted or disciplinary action taken, the College must weigh that request against the College's obligation to provide a safe, non-discriminatory environment for all students, including the reporting student.

If the College honors the request for confidentiality, a student must understand that the College's ability to meaningfully investigate the incident and pursue disciplinary action against the alleged perpetrator(s) may be limited.

Although rare, there are times when the College may not be able to honor a student's request in order to provide a safe, non-discriminatory environment for all students.

The College has designated the following individual to evaluate requests for confidentiality once a responsible employee is on notice of alleged sexual harassment or sexual violence:

- **Dawn Coker**, Vice President for Human Resources & Title IX Coordinator (706-880-8267; dcoker@lagrange.edu)

When weighing a student's request for confidentiality or that no investigation or discipline be pursued, The Title IX Coordinator will consider a range of factors, including the following:

- The increased risk that the alleged perpetrator will commit additional acts of sexual or other violence, such as:
 - Whether there have been other sexual harassment or sexual violence complaints about the same alleged perpetrator;
 - Whether the alleged perpetrator has a history of arrests or records from a prior school indicating a history of violence;
 - Whether the alleged perpetrator threatened further sexual violence or other violence against the victim or others;
 - Whether the sexual harassment or sexual violence was committed by multiple perpetrators;
- Whether the sexual harassment or sexual violence was perpetrated with a weapon;
- Whether the victim is a minor;
- Whether the College possesses other means to obtain relevant evidence of the sexual harassment or sexual violence (e.g., security cameras or personnel, physical evidence);
- Whether the victim's report reveals a pattern of perpetration (e.g., via illicit use of drugs or alcohol) at a given location or by a particular group.

The presence of one or more of these factors could lead the College to investigate and, if appropriate, pursue disciplinary action. If none of these factors is present, the College will likely respect the victim's request for confidentiality.

If the College determines that it cannot maintain a victim's confidentiality, the College will inform the student prior to starting an investigation and will, to the extent possible, only share information with people responsible for handling the College's response.

The College will remain ever mindful of the student's well-being, and will take ongoing steps to protect the student from retaliation or harm and work with the victim to create a safety plan. Retaliation against the reporting student, whether by students or College employees, will not be tolerated. The College will also:

- Assist the student in accessing other available victim advocacy, academic support, counseling, disability, health or mental health services, and legal assistance both on and off campus (see portion of policy identifying these);
- Provide other security and support, which could include issuing a no-contact order, helping arrange a change of living or working arrangements or course schedules (including for the alleged perpetrator pending the outcome of an investigation) or adjustments for assignments or tests; and
- Inform the student of the right to report a crime to campus or local law enforcement – and provide the victim with assistance if the victim wishes to do so.

Because the College is under a continuing obligation to address the issue of sexual harassment and sexual violence campus-wide, reports of sexual harassment and sexual violence (including non-identifying reports) will also prompt the College to consider broader remedial action – such as increased monitoring, supervision or security at locations where the reported sexual violence occurred; increasing education and prevention efforts, including to targeted population groups; conducting climate assessments/victimization surveys; and/or revisiting its policies and practices.

If the College determines that it can respect a student’s request for confidentiality, the College will also take immediate action as necessary to protect and assist the student.

Miscellaneous

Take Back the Night and other public awareness events

Public awareness events such as “Take Back the Night,” the Clothesline Project, candlelight vigils, protests, “survivor speak outs” or other forums in which students disclose incidents of sexual violence, are not considered notice to the College of sexual violence for purposes of triggering its obligation to investigate any particular incident(s). Such events may, however, inform the need for campus-wide education and prevention efforts, and the College will provide information about students’ Title IX rights at these events.

Anonymous Reporting

Although the College encourages victims to talk to someone, the College provides an online option for anonymous reporting. The system will notify the user (before the individual enters information) that entering personally identifying information may serve as notice to the College for the purpose of triggering an investigation. You can access the anonymous reporting link at www.lagrange.edu/titleIX

Off-campus Counselors and Advocates.

Off-campus counselors, advocates, and health care providers will also generally maintain confidentiality and not share information with the College unless the student requests the disclosure and signs a consent or waiver form.

Following is contact information for these off-campus resources:

- Harmony House: Domestic/Sexual Violence Shelter (LaGrange, GA): 24 hour hotline 706-885-1525 / General 706-882-4173

- West Georgia Rape Crisis Center (Carrollton, GA): Crisis line 770-834-7273 / General 770-834-8905

Additional information regarding how to respond to instances of sexual violence that also include other service providers include:

- Georgia Network to End Sexual Assault (GNESA): <http://gnesa.org>
- The Federal Government’s “Not Alone” Website: www.notalone.gov
- National Domestic Violence Hotline: 1-800-799-7233 (SAFE)
- Domestic abuse Helpline for Men & Women: 888-7HELPLINE (888-743-5754)

NOTE: While these off-campus counselors and advocates may maintain a victim’s confidentiality vis-à-vis the College, they may have reporting or other obligations under state law. Such as mandatory reporting to law enforcement in case of minors; imminent harm to self or others; requirement to testify if subpoenaed in a criminal case.

Clery Act and FERPA

In compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act), the College is required to post three years of data pertaining to instances of sexual assault, domestic violence, dating violence, and stalking. The College’s compliance with the Clery Act does not constitute a violation of section 444 of the General Education Provisions Act (20 U.S.C. 1232g), commonly known as the Family Educational Rights and Privacy Act of 1974 (FERPA).

Definitions

Coercion. Coercion is inappropriate pressure for sexual activity. Coercive behavior differs from seductive behavior based on the type of pressure someone uses to get consent from another. When a person makes clear that they do not want sex, wants to stop, or that going past a certain point of sexual interaction is unwanted, continued pressure beyond that point can be coercive.

Consent. Consent is clear, unambiguous, and voluntary agreement between participants to engage in specific sexual activity. Consent is active, not passive, and is given by clear actions or words. Consent may not be inferred from silence, passivity, or lack of active resistance alone. A current or previous dating or sexual relationship is not sufficient to constitute consent, and consent to one form of sexual activity does not imply consent to other forms of sexual activity. Being intoxicated does not diminish one’s responsibility to obtain consent. In some situations, an individual may be deemed incapable of consenting to sexual activity because of circumstances or the behavior of another, or due to their age.* Examples of such situations include, but are not limited to, incompetence, impairment from alcohol and/or other drugs, fear, unconsciousness, intimidation, coercion, confinement, isolation, or mental or physical impairment.

* In Georgia, minors under the age of 16 years of are generally unable to provide consent, with narrow exceptions. See Georgia Code Ann. Section 16-6-3, Statutory Rape.

Dating violence. Violence committed by a person: who is or has been in a social relationship of a romantic or intimate nature with the victim; and where the existence of such a relationship shall be determined based on a consideration of the following factors: the length of the relationship; the type of relationship; and the frequency of interaction between the persons involved in the relationship.

Domestic violence. A felony or misdemeanor crime of violence committed by: a current or former spouse or intimate partner of the victim, a person with whom the victim shares a child in common, a person who is cohabiting with or has cohabitated with the victim as a spouse or intimate partner, a person similarly situated to a spouse of the victim under the domestic or family violence laws of the state of Georgia, or any

other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the state of Georgia.

Gender identity: A person's deeply felt internal sense of being male or female, regardless of their sex assigned at birth.

Gender expression: The manner in which a person represents or expresses gender to others, often through behavior, clothing, hairstyles, activities, voice or mannerisms.

Incapacitation. Incapacity can result from mental disability, sleep, involuntary physical restraint, or from intentional or unintentional taking of alcohol and/or other drugs. An incapacitated person does not have the ability to give knowing consent. Sexual activity with a person who one should know to be – or based on the circumstances should reasonably have known to be – mentally or physically incapacitated, constitutes a violation of this policy. The perspective of a reasonable person will be the basis for determining whether one should have known about the impact of the use of alcohol and/or drugs on another's ability to give consent.

Sexual abuse occurs when a person employs, uses, persuades, induces, entices, or coerces a minor who is not that person's spouse to engage in any act that involves: (a) Sexual intercourse, including genital-genital, oral-genital, anal-genital, or oral-anal, whether between persons of the same or opposite sex; (b) Bestiality or masturbation; (c) Lewd exhibition of the genitals or pubic area of any person; (d) Flagellation or torture by or upon a person who is nude; (e) Condition of being fettered, bound, or otherwise physically restrained on the part of a person who is nude; (f) Physical contact in an act of apparent sexual stimulation or gratification with any person's clothed or unclothed genitals, pubic area, or buttocks or with a female's clothed or unclothed breasts; (g) Defecation or urination for the purpose of sexual stimulation; or (h) Penetration of the vagina or rectum by any object except when done as part of a recognized medical procedure.

Sexual Assault is a broad term and is used in Georgia to encompass any of the thirty one (31) individual offenses listed in Title 16 (Crimes and Offenses) Chapter 6 (Sexual Offences) of the Georgia Code. The Federal Government defines sexual assault as an offense classified as a forcible or nonforcible sex offense under the FBI's UCR program.

Sexual Exploitation occurs when a student takes non-consensual or abusive sexual advantage of another for his/her own advantage or benefit, or to benefit or advantage anyone other than the one being exploited, and that behavior does not otherwise constitute one of other sexual misconduct offenses. Examples of sexual exploitation include, but are not limited to the following:

invasion of sexual privacy;

prostituting another student;

non-consensual video or audio-recording of sexual activity or circulation of such video and video or audio recording;

going beyond the boundaries of consent;

observing unsuspecting individuals who are partly undressed, naked, or engaged in sexual acts;

knowingly transmitting an STI or HIV to another student;

exposing one's breasts, buttocks, groin, or genitals, in non-consensual circumstances; inducing another to expose their breasts, buttocks, groin, or genitals;

sexually-based stalking and/or bullying may constitute a form of sexual exploitation, as well as a form of sexual harassment, as discussed above.

Stalking. Behavior where a person follows, places under surveillance, or contacts another person without the consent of that person for the purpose of harassing and intimidating him or her. The term "contact" means to make or attempt to make any communication, including, but not limited to, communication in person, by telephone, by mail, by broadcast, by computer or computer network, or by any other electronic device. "Harassing and intimidating" refers to a course of conduct or communications directed at a person that causes the person to suffer emotional distress that would cause a reasonable person to fear for personal safety or the safety of others, and which serves no legitimate purpose. It does not require that an overt threat of death or bodily injury be made.

Student. The term student means any person pursuing academic studies at the university. The term also includes: (1) a person not currently enrolled who was enrolled in the fall, spring, or summer term preceding the alleged violation, or (2) a person who, while not currently enrolled, was previously enrolled at LaGrange College and who is reasonably anticipated to seek enrollment at a future date, (3) a person who has applied to or been accepted for admission to LaGrange College and has accepted an offer of admission or may reasonably be expected to enroll, or (4) a person enrolled in an LaGrange College program on a credit or non-credit basis.

Sex Offender Notification and Information (Megan's Law)

The Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act has been amended by the Campus Sex Crimes Prevention Act of 2000 to require sex offenders who are enrolled in or work at institutions of higher education to register with the state's sex offender registration program. The state in turn is obligated to notify the school's campus security unit as soon as possible. This act requires institutions of higher education to issue a statement advising the campus community where law enforcement information provided by a state concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a state to provide notice, as required under state law, of each institution of higher education in that state at which the person is employed, carries on a vocation, or is a student.

Below are links to websites that list registered sex offenders:

Emergency Response and Evacuation Procedures

Upon confirmation of a significant emergency or a dangerous situation occurring on campus (or directly affecting the campus) that involves an immediate threat to the health or safety of student or employees, the College will alert the campus community in the most expeditious manner available about the situation. This will generally involve activation of our e2Campus system. This system, which can be activated by campus security or other designated personnel, will via phone text messages and other media alert those who have preregistered for the system. This initial alert will be augmented, if appropriate, by other forms of communication, including electronic mail, phone calls, and personal contact. The College will make every effort to confirm the validity of the emergency or dangerous situation. It will do so by use of established lines of communication with college staff, administrators, residence hall personnel (including resident assistants), area coordinators, campus security personnel, and local law enforcement and emergency responders, as well as media reports and any other available sources.

The college's president or Vice President for Finance and Operations (or the senior administrative officer acting at the time of the occurrence) will determine, based on that information, whether notification is necessary or desirable and, if so, what form that notification should take and to whom it should be directed. Notification will not be delayed simply because all information has not been gathered or fully confirmed. A notification in such cases may use wording that stresses that an incident has been "reported" or that there is not yet confirmation. What is most critical is that the awareness of those potentially affected, directed or indirectly, is heightened and that any appropriate safety precautions are taken without delay. The College will err on the side of notification, understanding that corrections can be made through subsequent communications.

The content of the notification will be only the information necessary to give the nature of the threat or situation and the recommended actions, recognizing that the longer the message the more time it takes to absorb and act upon.

Usual components of such a message would be: the nature of the situation; the location of the situation; what action should be taken; and (if appropriate) a promise of further information as it becomes known.

An example of such a message containing those components would be: "Fire reported in Turner Hall. Evacuate that building. Others stay clear. More info to follow." The notification can be activated by personnel in Information Technology, Public Relations, Campus Security, and/or Student Engagement.

Individual and community safety is the paramount concern in any decision to notify the campus community of a dangerous or emergency situation. Safety may, in certain circumstances, require that notification be delayed, particularly when emergency or law enforcement personnel believe that such notification will compromise efforts to assist a victim or victims or frustrate efforts to respond to or mitigate an emergency. Due deference will be given to such considerations, but only in truly exceptional circumstances there will be a decision to delay or avoid notification.

After the campus community or affected portions of the campus community have been notified, the College will coordinate the dissemination of emergency information to the larger community, both by means of media and through local emergency responders.

Campus Crime and Arrest Statistics

The information below provides context for the crime statistics reported as part of compliance with the Clery Act.

The statistics in this report are published in accordance with the standards and guidelines used by the FBI Uniform Crime Reporting Handbook and relevant federal law. LaGrange College submits the annual crime statistics published in this report to the Department of Education (ED). The statistical information gathered by the Department of Education is available to the public through the ED website. The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the College community obtained from campus security, Student Engagement, and other Campus Security Authorities. For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year the crime was reported.

2016 LaGrange College Annual Fire Safety Report

Student Housing Facility Fire Safety Systems

Fire alarms systems are monitored 24 hours/day, seven days/week by the LaGrange College security. A majority of college buildings are equipped with automatic fire detection and alarm systems that are constantly monitored by security staff.

Buildings are equipped with a variety of features that are designed to detect, stop and/or suppress the spread of a fire. A door can be the first line of defense against the spread of smoke or fire from one area to another. Some doors, such as fire doors in corridors or stairwells of residence halls, are designed to stand up to fire longer than those of an individual room. It is important that these doors are closed for them to work. Additionally, if a door has a device that automatically closes the door, it should not be propped open. Do not obstruct sprinkler heads with materials like clothing hanging from the piping. Smoke detectors cannot do their job if they are disabled or covered by the occupant, which is a violation of college policy.

Reporting a Fire

Persons reporting a fire are encouraged to call campus security at 706-880-8911; if you notice a large fire, immediately call Troup E-911. If there is a fire in your area and the alarm has not sounded, you should immediately activate a local fire alarm pull station.

Fire Safety Improvements and Upgrades

LaGrange College Security, Physical Plant, the Office of Residential Education and Housing, and the Dean of Students annually review the fire systems in our residence halls and will make upgrades, repairs or revisions when problems are identified.

Health and Safety Checks

LaGrange College believes that residence halls should be a clean and safe environment in which to live. In an effort to minimize chances of health problems, fire and/or bodily injury, health and safety checks will be conducted by housing staff to focus on potentially hazardous situations within the residence halls.

Fire Safety Training

All Residence Assistants receive fire safety related training at the start of each school year. Physical Plant employees receive fire safety training as part of their on-going OSHA training. Other employees receive fire safety training through Human Resources.

Fire Safety Education

All residence halls are equipped with fire detection and firefighting equipment. All residents should familiarize themselves with the emergency escape plan for their residence hall. Throughout the year, fire alarm systems will be tested to ensure they are in working order. When an alarm sounds all occupants must vacate the facility for their own safety and so fire fighters may work undisturbed. In the event of an actual fire, the local fire department and/or LaGrange College security personnel will notify residents when it is safe to re-enter a building.

Students should treat all alarms as actual emergencies and respond accordingly. Students should never reenter a building until the area has been properly cleared and declared safe by Fire Department or security personnel.

Evacuation of Student Housing Facilities in the Event of Fire

To promote safety of residents, there are periodic drills in all residence halls, and all students are required to participate. Instructions are posted throughout the buildings. Please read carefully the following instructions:

Fire alarm: When the alarm sounds:

- Dress appropriately for outside weather conditions, wear hard-soled shoes, and take a towel to prevent smoke inhalation.
- Close all windows. Close all doors and leave door unlocked so it can be checked.
- Leave the building by the closest exit. Do not use the elevator.
- Students will not be allowed to re-enter building until the drill ceases.
- Remain calm and orderly at assembly areas until the “all clear” is given by the Fire Department or Securitas.
- ONCE YOU ARE OUTSIDE THE BUILDING, CALL SECURITAS AT (706)880-8911 to ensure that they have been notified about the fire alarm.

Fire Safety: Items Prohibited in Residence Halls & Residential Fire Safety

Open flames including burning charcoal, burning candles, burning incense sticks, oil lamps, or burning devices are not permitted in College housing. Candles with unburnt wicks are permitted as decorative items and/or with candle warmers; candle warmers must be turned off when residents are not in their room and placed in a safe location to prevent a concern for fire safety.

Residence halls have definite limits on the capacities of their electrical systems. Overloading the systems can present fire and safety hazards. No appliance may be possessed or used in the residence halls that use over 500 watts. Examples of approved appliances are electric fans, radios, computers, stereos, study lamps, shavers, curling irons, clocks, TVs, and single cup brew systems (Keurig and Keurig-style). Students may have one small refrigerator per room, no bigger than 5 cubic feet inside capacity. Hair dryers can be used; however, no other appliance should be using the same outlet during usage. Unapproved appliances include sunlamps, coffee makers, space heaters, hot plates, grills, electric fry pans, woks, crock pots, musical instrument amplifying equipment, toasters, ovens, microwaves, and air conditioners.

All appliances with an exposed heating element, regardless of wattage, are prohibited. Microwaves are permitted only in the lounge area of the residence halls. A microwave is provided in a designated place in each residence hall. Students found having a microwave will be asked to remove them from their rooms.

Electric outlets should be maintained at a one to one ratio in relation to the number of electric units plugged into the outlet at any time. Students are required to use heavy-duty extension cords, or adapters approved by Underwriters Laboratories. Extension cords can be used for just one appliance at a time. Students must maintain a one plug per one receptacle ratio at all times. Please consult your Area Manager if you have questions about the use of any other appliance or equipment.
